Arts Economics Analysis Cultural Policy

Cultural policy is the government actions, laws and programs that regulate, protect, encourage and financially (or otherwise) support activities related to the arts and creative sectors, such as painting, sculpture, music, dance, literature, and filmmaking, among others and culture, which may involve activities related to language, heritage and diversity.

Cultural policy - Wikipedia

Economics (fēkəˈnɒmɪks, iːkəˈnɔː) is a social science that studies the production, distribution, and consumption of goods and services.. Economics focuses on the behaviour and interactions of economic agents and how economies work. When people refer to "economics" today, what is usually mean is mainstream economics, rather than heterodox economics. ...
