Abnormality (or dysfunctional behaviour) is a behavioral characteristic assigned to those with conditions that are regarded as rare or dysfunctional. Behaviour is considered to be abnormal when it is atypical or out of the ordinary, consists of undesirable behaviour, and results in impairment in the individual's functioning. Abnormality in behaviour, is that in which is considered deviant from ...

Moral insanity referred to a type of mental disorder consisting of abnormal emotions and behaviours in the apparent absence of intellectual impairments, delusions, or hallucinations.It was an accepted diagnosis in Europe and America through the second half of the 19th century. The physician James Cowles Prichard first used the phrase to describe a mental disorder in 1835 in his Treatise on ...
