based on an existing plot-line, Goblins was unfortunately pretty weak. The plot played through like a mediocre Monster of the Week episode, as Mulder and Scully are sent to investigate a couple of murders perpetrated by an invisible assassin. The result is, unfortunately, incredibly messy.

The action, in this case, takes place not long after the X-Files had been shut down and then reopened by the FBI (which basically puts it somewhere in the second season

rough. For some
reason Charles Grant

felt the need to refer to Scully as Dana every so often and it seemed awkward and not quite right.
