Splunk is one of the most popular SIEM management solutions in the world. What sets it apart from the competition is that it has incorporated analytics into the heart of its SIEM. Network and machine data can be monitored on a real-time basis as the system scours for potential vulnerabilities and can even point to abnormal behavior.

10 Best SIEM Tools in 2021: Vendors & Solutions Ranked ...

An ornithopter (from Greek ornis, ornith-"bird" and pteron "wing") is an aircraft that flies by flapping its wings. Designers sought to imitate the flapping-wing flight of birds, bats, and insects. Though machines may differ in form, they are usually built on the same scale as flying animals. Larger, manned ornithopters have also been built and some have been successful.
