Prehistory Of The Southern Cook

This model will then be tested using archaeological data from the Southern Cook Islands. In this thesis it is proposed that the prehistory of Eastern Polynesia is greater than the sum total of individual island sequences. Instead, culture change in the region can be best understood in terms of inter-regional processes.

Prehistory of Ohio provides an overview of the activities that occurred prior to Ohio's recorded history. The ancient hunters, Paleo-Indians, descended from humans that crossed the Bering Strait. There is evidence of Paleo-Indians in Ohio, who were hunter-gatherers that ranged widely over land to hunt large game. For instance, mastodon bones were found at the Burning Tree Mastodon site that showed that it had been butchered. Clovis points have been found that indicate interaction ...

Prehistory of Ohio - Wikipedia

The Southern style of cooking of greens came with the arrival of African slaves to the southern colonies and the need to satisfy their hunger and provide food for their families. Though greens did not originate in Africa, the habit of eating greens that have been cooked down into a low gravy, and drinking the juices from the greens (known as "pot likker") is of African origin.
