Kreg Pocket Hole Jigs & Screws South Africa | Tools4Wood

The Kreg Mini-Jig clamps onto the board using a vice clamp (or any quick clamp), and depending on how thick the stock is, you may have to measure the distance from the edge of the board, and clamp it in place just right. It's only got 1 drill bit guide hole. If you're repairing a piece of furniture, the Mini-Jig is really handy, as it's smaller and easier to get it set up in tight spaces.
